## **SUMMARY**

I have worked in the Water and Wastewater field for 24 years. I have worked my way up from a plant operator to superintendent to technical advisor to becoming the owner of my own Water and Wastewater Consulting business.

## **WORK HISTORY**

1994 - Present, Russ, Inc.

I have worked as a water and wastewater consultant for the last 13 years; during this time I have operated numerous systems around Western Kentucky. I am currently employed by the City of Fulton as Pretreatment Coordinator. I am responsible for monitoring and tracking the Wastewater outfalls of various industries that discharge to the Cities Collection System. I have an extensive background in Inflow/Infiltration, and have performed smoke tests on more than 500,000 ft of sewer main around the state. I am also a contract employee of KCTCS and provide Water and Wastewater Continuing Education Hour to operators state wide.

1992 - 1994, Kentucky Rural Water Association

I was the Western Kentucky Water Circuit Rider and assisted water systems in locating water leaks, valves and mains. Conducted water audits. Trained operators while helping them solve problems in their utility systems. Conducted formal training classes for licensed operators to gain continuing education hours required by the Division of Water.

1990 - 1992, City of Calhoun

I was the Cities Water and Wastewater Superintendent. Responsible for the efficient operations of the Cities utilities. Managed employees, dealt with customer complaints, gave written and oral reports to the Mayor and City Council.

1983 - 1990, Central City Municipal Water Works

I worked as an operator at the water plant

## **EDUCATION**
